A Passion for Teaching

Longtime Holistic Management® Certified Educator Terry Gompert passed away in March of 2011. Terry was a tireless educator whose passion was to reach the next generation so that sustainable agriculture would grow and flourish. In honor of Terry’s memory, HMI is pleased to announce the creation of the Terry Gompert Memorial Scholarship. The scholarship provides financial support to eligible producers and educators in beginning and developing their practice and facilitation of Holistic Management. It can be used for either practitioner and Holistic Management Certified Educator training.

We feel that it’s vital that Terry’s work continue. If you feel the same, please consider a donation in Terry’s honor.

Elibility

Financial assistance is based first on financial need and a person’s ability to help HMI achieve greater diversity within our training program and work at large.

Trainees are selected based on their past experience with resource management, leadership roles, ability to demonstrate self-initiated learning, and knowledge of Holistic Management. Likewise, their ability to share the information they obtain through HMI to others is a key criteria.

How to Apply

There is no set deadline. Those interested in receiving a scholarship should contact HMI at 505-842-5252 or hmi@holisticmanagement.org for an application. Scholarship applications must be completed before registering for a training program or class.

Visit www.holisticmanagement.org or phone our Development Department at 505-842-5252 to find out how you can contribute. Be sure to indicate you’re supporting the Gompert Memorial Fund.
